Chris,

Per my case in Pennsylvania since our last email I found out that the Prothonotary transferred my case down from the Supreme Court of Pennsylvania to the Superior Court. I called and asked him why and found he erred even though he would not admit it. I have provided the **Superior Court of Pennsylvania Docketing Statement** that I was requested to fill out and return that provides more insight and I reference that the Prothonotary was wrong and why.

Please pass this on to Congressman Rutherford.

Thank you for your continued assistance.

Sincerely,
