Please explain

Whistle blowing to state and federal agencies on illegal unsafe verbal orders by management and retaliatory discipline in 2000-2001.

During this time I called and spoke with then PA Attorney General David Devries explaining how myself and co-workers were being ordered to operate defective heavy equipment and he informed me in the event of an accident I could not only be held criminally and civilly liable but could potentially serve a prison sentence in the event someone was injured or killed to do me violating company policy and the law of public policy. Mr. Devries stated they may fire you but it will not hold up in court.

After my illegal firing I contacted then Butler County District Attorney Tim McCune who stated to me he had no opinion on employment issues and refused to investigate and ultimately Keith Eckenrode was killed at the plant. I can supply his letter to as evidence.

All the evidence can be reviewed at <http://www.1776ToTyranny.com> and the new Complaint that I filed this year representing myself on my civil matter.

I am asking PA Attorney General Josh Shapiro to prosecute the corruption of McCune and any PA agency such as OSHA who refused my evidence as well and all attorneys that refused to represent me listed on the website as well.

If employment related, whom in management have you informed of your complaint?

Supervisor Edward Tassej

What action was taken?

I was illegally terminated

Do you know of any other individuals who have been treated the same or received similar treatment?

No

Do you have any witnesses to verify or confirm your complaint?

Yes

Please explain if you have suffered any monetary loss or loss of benefits.

Yes I was illegally terminated in 2001 when my Supervisor Edward Tassej asked me to operate the tractor trailer in violation of AK Steel written policy and I reiterated to Tassej that I could not violate the law and shared that PA Attorney General David Devries informed me in the event of an accident I could not only be held criminally and civilly liable but could potentially serve a prison sentence in the event someone was injured or killed to do me violating company policy and the law of public policy.

Provide the date(s) of incident(s)

The dates are provided at <http://www.1776ToTyranny.com>

Have you filed a complaint about this matter with any other agency?

Yes

Please specify with one(s) and the date you filed, to the best of your recollection.

OSHA and former Butler County District Attorney Tim McCune

Have you filed any court actions in this matter?

Yes

Please specify in what court and the dated you filed, to the best of your recollection.

After my termination in 2001 I retained legal representation of Joseph Chivers who refused to file a complaint so after considerable time and his legal malpractice of sending a demand letter to AK Steel that were not my demands at all I contacted numerous law firms who refused to take my case. After considerable time I retained Angelo Papa who filed waited to file Complaint in 2005 which I demanded a jury trial. When the court ruled it was beyond the statute of limitations Papa refused to demand a jury trial which is my Constitutional RIGHT and no statute of limitations can impede that RIGHT. Papa then filed in Federal Court without my consent and I now know it was to have another court try to railroad me. I have recently filed a new Complaint on May 29th 2019 demanding JURY TRIAL that I was never granted.

All of my evidence can be found at <http://www.1776ToTyranny.com>

I would also ask the PA Attorney General make sure that the Butler County court schedules my
JURY TRIAL.
